### QUESTION 3: SUMMARY (10 MARKS)

#### Elon Musk

Elon Reeve Musk completed high school in Pretoria and furthered his studies of Physics and Economics in the USA. His father was an engineer, and his mother a nutritionist. He is the oldest of three children. His brother, Kimbal is an environmentalist and his sister, Tosca, is a producer and director.

Elon is a great entrepreneur and his success has made him one of the richest men in the world. He is compared to other businessmen, such as Steve Jobs, Howard Hughes, Henry Ford, and Bill Gates. Elon has a string of companies to his name and is known for his good business ethic.

His first major company was PayPal, which is an e-commerce company that specializes in internet money transfers. Paypal allowed users to make payments on purchased goods in a secure online transaction. The company offers users the ability to link their PayPal accounts to their own bank accounts, making transfers and payments more efficient.

With an interest in space travel, Elon formed SpaceX in the hopes of making affordable space travel a reality. SpaceX focused on making reusable rockets that could go into space. It was the first private company to successfully launch and return a spacecraft from Earth orbit.

Elon then became interested in the development of electric cars and became a major funder of Tesla. Musk became the largest shareholder of the company and its chairman. According to Musk, the purpose of Tesla is to help make the move to sustainable transport and energy.

Elon Musk is a visionary, who is concerned with human progress. He has a single-minded vision and works in the areas that he has identified as crucial to our future.

Word count: 279 words
